## THE ORGANISATION

Fairtrade Australia and New Zealand (ANZ) is a dynamic and enterprising poverty alleviation and development organisation which for 3 decades has been working to make trade fair. The Fairtrade global trading system is engineered for inclusive growth outcomes to enable all farmers and workers to have sustainable livelihoods, thus the freedom to decide their own futures. We are best known as the independent, not-for-profit body behind the Fairtrade Mark, which is the most recognised & trusted ethical label in the world.

Fairtrade ANZ is governed by a Board of Directors and is a member of Fairtrade International, a global network of producers and workers in 75 countries who are half owners & Fairtrade products are sold in 125 countries. Transforming trade to create a fair future with social justice and respect for the dignity of every person is at the core of Fairtrade's approach. That starts with paying fair prices and pushing for decent livelihoods for all farmers and workers and working systemically to ensure that supply chains are sustainable and transparent.

The global Fairtrade network includes farmer and worker cooperatives in Africa, Asia-Pacific and Latin America/Caribbean. As co-owners of the global Fairtrade system, worth over \$15 million USD in annual retail sales of 11,000 products; small producers occupy half the global board and General Assembly where all critical strategic, financial and risk decisions are taken. In Fairtrade, small producers and workers not only own the coffee or cotton they produce – but they own the only globally scaled comprehensive trading system engineered to make trade fair for everyone.

We are a global system that supports companies to act faster and transparently, farmers and workers to benefit more, and consumers to act directly to support producers to create a fair & sustainable future.

In 2021, Fairtrade International and Fairtrade ANZ embarked on an ambitious new five-year strategy to empower consumers and businesses to choose fair.

## THE TEAM

The FANZ Growth and Innovation team is responsible for building relationships with Australian and New Zealand companies and organizations to create market demand in order to grow the volume of Fairtrade Certified products.
